#### **INDEPENDENT AUDITOR'S REPORT**

To the Board of Directors
San Ramon Valley Education Foundation
San Ramon, California

We have audited the accompanying financial statements of San Ramon Valley Education Foundation (a nonprofit organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Ramon Valley Education Foundation as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

April 28, 2015 Danville, California

## **Notes to Financial Statements**

For the years ended June 30, 2014 and 2013

#### 1. Organization

The San Ramon Valley Education Foundation ("the Foundation") is a nonprofit California organization formed in 1982 to assist the San Ramon Valley Unified School District in its commitment to education. The Foundation sponsors local fund raising events, primarily the Run for Education held each October, and contributes the proceeds from these events to the schools in the district in the form of specific grants to individual schools and district programs. Grants are made for purposes and items which would not otherwise be funded by the District. Through partnerships with various corporations in Northern California and Nation-Wide, the Foundation raises money to support 4 major causes: Classrooms of the Future, STEM, Literacy and Professional Development.

## 2. Summary of Significant Accounting Policies

#### **Basis of Accounting**

The financial statements of the Foundation have been prepared using the accrual basis of accounting which recognizes income in the period earned and expenses when incurred in accordance with generally accepted accounting principles for nonprofit organizations in the United States of America ("GAAP").

#### **Basis of Presentation**

The Foundation prepares its financial statements following professional accounting standards where the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

#### Unrestricted

Net assets not subject to donor-imposed stipulations. Unrestricted net assets amounted to \$308,723 and \$192,640 at June 30, 2014 and 2013.

## **Temporarily Restricted**

Temporarily restricted net assets represent contributions whose use is limited by donor-imposed stipulations that expire by the passage of time or can be fulfilled and removed by actions of the Foundation pursuant to those stipulations. Temporarily restricted net assets also include accumulated appreciation of permanently restricted endowment funds that have not been appropriated by the Board in accordance with the California Uniform Prudent Management of Institutional Funds Act of 2008 (UPMIFA). \$349,430 and \$256,070 at June 30, 2014 and 2013.

#### **Permanently Restricted**

Net assets subject to donor-imposed stipulations that they be maintained in perpetuity by the Foundation. Permanently restricted net assets totaled \$1,071,043 and \$910,455 at June 30, 2014 and 2013.

#### **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

## 2. Summary of Significant Accounting Policies (continued)

#### **Revenue Recognition**

Contributions are recognized as revenue when they are unconditionally communicated. Contributions consist primarily of donations from individuals and other organizations. Contributions are recorded at their fair values as unrestricted support, temporarily restricted support or permanently restricted support, depending on the absence or existence of donor-imposed restrictions, as applicable. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

### **Cash and Cash Equivalents**

Cash is defined as cash in demand deposit accounts as well as cash on hand. Cash equivalents consist of highly liquid investments with an initial maturity of three months or less.

#### Investments

Investments are recorded at fair value in the statements of financial position. Net realized and unrealized gains and losses are included in the statements of activities as unrestricted, temporarily restricted or permanently restricted depending upon donor stipulations, if any.

Investment valuation and return is subject to fluctuations in the market performance of the underlying investment alternatives. Accordingly, investment returns may vary from period to period and in future periods depending on the performance of the underlying investments and these variations could be significant. Investment management and administrative fees for the endowment funds (\$14,742 in 2014 and \$12,319 in 2013) are included in the net gain (loss) on investments in the statement of activities. Endowment investments consist of fixed income investments, mutual fund investments, alternative investments, real estate, and cash and cash equivalent balances.

#### **Computer Equipment**

Computer equipment is carried at cost. Depreciation is computed using the straight-line method over an estimated useful life of five years. Expenditure for maintenance, repairs, and minor equipment purchases are charged to expense as incurred.

#### **Donated Services**

Many individuals volunteer their time and perform a variety of tasks that assist the Foundation. The value of the contributed services is not reflected in these financial statements since it is not susceptible to objective evaluation or measurement.

#### **Functional Expense Allocation**

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Foundation.

# **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

# 2. Summary of Significant Accounting Policies (continued)

#### **Use of Estimates**

The preparation of financial statements in accordance with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Reclassification

Certain balances in the prior year financial statements have been reclassified for comparative purposes to the presentation in the current year financial statements.

#### 3. Investments

Investments are recorded at fair value as of June 30, 2014 and 2013 which are summarized below:

	2014			2013			
Bank certificate of deposit							
First Republic Bank, interest 0.10% maturing December 2013	\$	41,374	\$	41,297			
Endowment Fund Investment Held at the East Bay Community Foundation:							
SRVEF Endowment Fund		1,180,718		863,004			
Marianne Gagen Endowment Fund		188,768		143,201			
Chad Michael Petsuch Endowment Fund		63,520		43,707			
Total Endowment Investments		1,433,006		1,049,912			
Total Investments	\$	1,474,380	\$	1,091,209			

### **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

#### 3. Investments (continued)

The Foundation adopted guidance which defines fair value, establishes a framework for measuring fair value, and requires enhanced disclosures about fair value measurements. This guidance also allows for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value using net asset value (NAV) per share or its equivalent.

Enhanced disclosures about financial instruments that are measured and reported at fair value are required under the guidance. A fair value hierarchy has been established which prioritizes and ranks the level of market price observability used in measuring fair value. Market price observability is impacted by a number of factors, including the type of instrument, the characteristics specific to the instrument, and the state of the marketplace (including existence and transparency of transactions between market participants). Instruments with readily available actively quoted prices or for which fair value can be measured from actively quoted prices in an orderly market will generally have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Instruments measured and reported at fair value are classified and disclosed in one of the following categories based on inputs:

Level 1 – Quoted prices are available in active markets for identical instruments as of the reporting date. The types of instruments which would generally be included in Level 1 include mutual funds. The Foundation, to the extent that it holds such instruments does not adjust the quoted price for these instruments, even in situations where the Foundation holds a large position and a sale could reasonably impact the quoted price.

Level 2 — Pricing inputs are observable for the instruments, either directly or indirectly, as of the reporting date, but are other than quoted prices in active markets as in Level 1. Fair value is determined through observable trading activity reported at net asset value or through the use of models or other valuation methodologies. The types of instruments which would generally be included in this category include fixed income investments and unlisted derivative financial instruments.

Level 3 – Pricing inputs are unobservable for the instrument and include situations where there is little, if any, market activity for the instrument. The inputs into the determination of fair value require significant judgment or estimation by the Foundation. The types of instruments which would generally be included in this category include real estate and certain alternative investments such as hedge funds with unobserved market prices.

In certain cases, the inputs used to measure fair value may fall into difference levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given instrument is based on the lowest level of input that is significant to the fair value measurement. The Foundation's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the instrument.

## 4. Endowments

The Foundation's endowment net assets consist of funds whose corpus is to remain intact and include those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specified term. As required by professional accounting standards, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

## **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

#### 4. Endowments (continued)

The Board of the Foundation has full authority and plenary power to manage, invest and reinvest any principal of the funds and any increase or accumulations to it and any income from it; however, the Board has a fiduciary duty to maintain the principal of the funds.

The Foundation entered into an agreement in June 1999 with the East Bay Community Foundation (EBCF), a California nonprofit public benefit corporation, to create a charitable endowment fund, the San Ramon Valley Education Foundation Endowment Fund, for the benefit of the San Ramon Valley Education Foundation. Contributions to the funds are permanently restricted with the earnings available for long-term, innovative educational programs for the San Ramon Unified School District. Similar agreements were entered into for the Marianne Gagen Endowment Fund and the Chad Michael Petsuch Endowment Fund in December 2002 and March 2011, respectively. The endowment funds are invested by the EBCF and are held in a long-term growth pool consisting primarily of mutual funds invested in equities and fixed income instruments. The temporarily restricted net asset balance at June 30, 2014 of \$237,323 for the SRVEF Fund, \$53,262 for the Marianne Gagen Fund and \$8,338 for the Chad Michael Petsuch Fund for the endowment funds represents cumulative earnings (interest, dividends, appreciation/depreciation), which are restricted for "long-term, innovative educational programs".

At June 30, 2014, unrestricted donor monies were included in the San Ramon Valley Education Foundation Endowment Fund totaling \$77,339 (\$50,000 of unrestricted principal and cumulative earnings of \$27,339). As of June 30, 2014, the Foundation held cash from contributions designated by donors for the various Endowment Funds as well as net proceeds from the Night with the Stars Dinner Gala in the amount of \$14,303. Such funds were subsequently remitted to EBCF for investing in August 2014.

The Foundation has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA), signed into law in California in 2008, as requiring the preservation of the fair value of the original gifts as of the respective gift dates of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The Foundation considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purpose of the Foundation and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation and depreciation of investments, and (6) the investment policies of the Foundation.

## **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

#### 4. Endowments (continued)

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding of programs supported by its endowment while also maintaining the purchase power of the endowment assets. In establishing this policy, The Foundation considered the long-term expected investment return on its endowment assets. Approved by its Board of Directors, endowment assets are invested in a manner that is intended to produce results that exceed the respective benchmark while assuming a moderate level of investment risk. Accordingly, over the long term, the Foundation expects its endowment assets, over time, to produce the highest level of return, net investment fees, for the desired level of risk. Actual returns in any given year may vary from this amount. The Board of Directors established a spending rate of no more than 5% of the average annual fair value of the investment balance of the endowment funds for the prior two fiscal year ends. In addition, the Board of Directors also established a \$1,000,000 minimum balance from the Foundation's total endowment investment accounts before spending can be made out of these accounts. In establishing this policy, the Foundation considered the long-term expected return on its endowment assets, the nature and duration of the endowment funds, many of which must be maintained in perpetuity because of donor restrictions and possible effects of inflation. Accordingly, over the long term, the Foundation expects their spending policy to allow its endowment to grow at a rate exceeding expected inflation.

#### 5. Income Tax Status

The Foundation is exempt from Federal and California income taxes under Internal Revenue Code Section 501(c)(3) and section 23701(d) of the California Revenue and Taxation Code. This code section enables the Foundation to accept donations, which qualify as charitable contributions to the donor. The Organization is not a private foundation. In addition, there was no unrelated business income in 2014 and 2013. Accordingly, there is no provision for Federal or State income tax expense. Management believes that there are no uncertain tax positions. Income tax returns for the years prior to 2010 for Federal (and 2009 for California) are no longer subject to examination by tax authorities. The Foundation is relying on its tax-exempt status and its adherence to all applicable laws and regulations to preserve that status.

#### 6. Concentration of Credit Risk

Financial instruments that subject the Foundation to potential concentrations of credit risk consist principally of temporary cash balances and endowment investments. The Foundation maintains cash with major financial institutions. At June 30, 2014 and 2013, the Foundation's deposits with its banking institutions did not exceed the FDIC insured limit of \$250,000 per banking institution. The Foundation's endowment investments have been placed with a major custodian, the East Bay Community Foundation. The Foundation closely monitors these endowment investments and its accounts and has not experienced significant credit losses on such accounts. As of June 30, 2014, the following endowment investments equal or exceed 5% of the fair market value of total endowment investments:

Neuberger Berman Large Cap	6%
Vanguard Institutional Index	7%
ClearBridge Aggressive Growth	6%
MSCI Emerging Markets	5%
DJ UBS Commodity Index	5%

#### 8. Grants

The Foundation awards grants annually based on its evaluation of written grant applications submitted from each of the District's schools and the District office. Criteria for funding include creativity, innovation and number of students benefiting. Grants are given for programs and purposes not funded by the District. School grants awarded during the years ended June 30th were \$214,811 in 2014 and \$274,233 in 2013.

### 9. Primo's Run for Education Race Incentives

In addition to the annual grants to the schools, the Foundation provides incentives to schools based on student participation in the Primo's Run for Education. The Foundation awarded incentives of \$68,400 in 2014 and \$51,050 in 2013.

## **Notes to Financial Statements**

(continued)
For the years ended June 30, 2014 and 2013

# 10. Affiliated Party Transactions

The Foundation is affiliated with several parent/booster groups within the San Ramon Valley Unified School District which have fundraising and other activities for individual schools. The Foundation assists with certain administrative and oversight matters including insurance coverage under its master policy. There is no affiliate receivable or payable at June 30, 2014 and 2013.
